

1312: Payment of Handling Charge Using the Multi Payment Network

Handling charges can be electronically paid to the customs office by using the Multi Payment Network. To do so, application, etc., for the relevant handling charges are made through NACCS.

When the customs inspection is complete, Notice Information on Payment Numbers describing the number of tax receiving agency (the number of the customs is 00100), payment number, and confirmation number, etc. will be sent to you. Please copy the numbers since they are necessary when paying the handling charges. Then, please make payment through various channels in accordance with the given information.

Please note that a receipt which used to be issued by financial institutions, etc. is no longer issued when payment is made using the Multi Payment Network.
