

✚ Brief description of goods

Spherical agate stones with holes, strung with a nylon monofilament string. These stones do not incorporate fittings. The sizes, shapes, colors and the like of the agate stone are random and the stones are not graded.

✚ Classification

7103.99-000

✚ Reason for classification

These stones described above are considered semi-precious stones temporarily strung for convenience of transport. Therefore, they are classified as stated above according to the provisions of heading 71.03.

**Note:**

The nature of the goods to be the basis for customs duty assessment depends on the conditions at the time of the import declaration of the goods with some specific exceptions (Article 4 of the Customs Law).

This classification example describes general replies based on the certain condition and do not necessarily represent all cases. Therefore, the classification decision on your actual importation may be different from that described here according to its condition.

If you wish to have a reply about the tariff classification and duty rate of specific goods that will be respected at the examination of import declaration, please ask Customs for Advance Ruling in writing.
