

Flow of Physical inspection

Receive “Appointment Card for Inspection” from customs officer

※ “Appointment Card for Inspection” is used for procedures for transporting cargo from warehouse etc.

Please transport from the warehouse or container yard to the inspection location designated by customs.

※Please prepare a truck that can transport the inspection goods

※Please arrange a trailer for full inspection of container cargo

Please witness at the inspection

※In case you need to unpack or pack it, please prepare tools (pincer, hammer, cutter, packing tape, etc.)

After completing the document review and inspection and paying customs duties, you will receive an import permit.

(Note) The above description is the general inspection process.
