

Japan Customs Analysis Methods

No. 317

Petroleum Asphalts (Bitumen) - Determination of Penetration

(Issued in June 1999)

1. Scope

This analysis method is applied to “petroleum bitumen” listed in subheading 2713.20 of Customs Tariff Law (Appendix Table - Customs Tariff Schedule) which requires the determination of its penetration.

2. Procedure

Refer to JIS K 2207: 1996.
