

7108 : Payments of customs duties and taxes by passengers using mobile payment applications, credit cards and Internet banking via the Multi-Payment Network

You can pay customs duties and taxes by the following.

For available airports, please refer to “[Cashless payments of customs duties and taxes by passengers](#)” on the Japan Customs website.

1 . Mobile payment applications

○How to use

- (1) Read the code showed by the officer using the payment apps installed on your smartphone.
- (2) Show the officer your smartphone’s screen, and then complete your payment procedure.
- (3) Show the officer your smartphone’s screen displaying the completion of the settlement.
- (4) The officer checks the successful completion of your payment on their system.

○Accepted providers

au PAY、LINE Pay、PayPay、Alipay+、WeChat Pay

○Cautions to take

- Receipts will not be issued.
- There is a limit to your usable amount.
- You cannot use it together with payments by cash.
- The communication fee for your smartphone and other devices is your responsibility.

2 . Credit cards

○How to use

- (1) Read the code on the paper presented by the officer and access the website “Customs Duties Payment by Credit cards” on your smartphone.
- (2) After checking the amount of duties and taxes, input your settlement information and then complete your payment procedure.
- (3) The officer checks the successful completion of your credit card payment on their system.

○Accepted providers

VISA、Mastercard、JCB、American Express、Diners Club

○Cautions to take

- A system usage fee is charged in addition to the duties and taxes being paid for. Specifically, 110 yen is added as a fee when the amount of duties and taxes is less than or equal to 10,000 yen. For amounts higher than 10,000 yen, 110 yen is added every time it exceeds 10,000 yen. The system usage fee above is not national income.
- Receipts will not be issued.
- There is a limit to your usable amount.
- You cannot use it together with payments by cash.
- The communication fee for your smartphone and other devices is your responsibility.

3. Internet banking via the Multi-Payment Network

○How to use

- (1) Access each financial institution's Internet banking service using your smartphone.
- (2) Input the code number of the tax receiving agency, payment number, confirmation number, etc., written on Notice Information on Payment Numbers, and then complete your payment procedure.
- (3) The officer checks the successful completion of your payment on their system.

○Cautions to take

- Customs duties and taxes on accompanied goods, etc., of passengers must be paid in the customs inspection zone. Payment at home and other places cannot be accepted.
- Each financial institution has different availability of the service (operating hours, usable amount, etc.). For details, please contact the relevant financial institution in advance.
- To use Internet banking, you must apply to the handling financial institution and get your PIN and other information in advance. For details, please contact the relevant financial institution in advance.
- The Multi-Payment Network will not be available from 0:45 to 5:30 on the third Sunday of June and September, and from 21:00 on January 1 to 5:30 on January 2 due to system maintenance.
- Receipts will not be issued. (The financial institution's system will send you notification of payment made.)
- You cannot use it together with payments by cash.
- The communication fee for your smartphone and other devices is your responsibility.
