

✚ Brief description of goods

Blanket (150 cm x 200 cm) made of terry toweling of cotton with looped pile on both sides. The long edges have woven selvage and the short edges are sewn with a folding width of 10 cm. It is used as a summer blanket (bedding).

✚ Classification

6301.30-091

✚ Reason for classification

The blanket is made of cotton fibres with looped pile on both sites. It is considered as a kind of blanket used for heat retention during bedtime in summer. Therefore, it is classified as stated above.

**Note:**

The nature of the goods to be the basis for customs duty assessment depends on the conditions at the time of the import declaration of the goods with some specific exceptions (Article 4 of the Customs Law).

This classification example describes general replies based on the certain condition and do not necessarily represent all cases. Therefore, the classification decision on your actual importation may be different from that described here according to its condition.

If you wish to have a reply about the tariff classification and duty rate of specific goods that will be respected at the examination of import declaration, please ask Customs for Advance Ruling in writing.
